Scholarship Application Form

We are currently in the process of editing the scholarship application, it is currently in draft form.

We have been in contact with several local agencies that work with survivors and have notified them of our upcoming scholarship and they are very excited. We have contacted a few local High Schools and are currently working with the counselors to spread the word about this scholarship and to find the appropriate avenues in which to advertise. We are also going to contact area colleges to notify them, as well as place this on our web site as soon as it is approved by our board of directors – Targeted at the end of September with the goal of putting it on-line in October to be socially viral.
